"Home of the AuSable River"

A nation mourns its dead and injured -- and wonders how and why it could happen

IN HONOR OF THE DEAD AND WOUNDED IN OKLAHOMA CITY--President William Clinton designated Sunday, April 23 as a national day of mourning for the victims of the Oklahoma City bombing at the Alfred P. Murrah Federal Building. The toll in the senseless act is expected to exceed 100 dead and 400 wounded in the nation's worst act of terrorism. See related story, page 1A.

Fishermen gear up for Saturday opener

Trout fishing enthusiasts will hit the waters of the AuSable and Manistee Rivers this weekend as the season marks its opening at 12:01 a.m. Saturday, April 29.

According to Jim Mologaines of The Fly Factory, "Water temperatures on the AuSable have been running at about 42-to-46 degrees. We need some fiftyish degree water temperatures for the Hendrickson hatches to begin."

Mologaines said there have been some sporadic hatches of black stone flies, blue-winged olives and black caddis, but until the water temperatures warm up, fishermen can expect slow going.

The National Weather Service is predicting much below average temperatures for the period through the first week of the trout season.

Fishermen are reminded that the section of water on the AuSable's mainstream between Burton's Landing and Wakeley Bridge, locally referred to as "The Holy Water," are designated as a flies only, catch and release area.

On the South Branch of the AuSable

from Chase Bridge to the mainstream is another flies only section, with catch and release designated between Chase Bridge and the lower Highbanks area.

The limit of trout in Michigan's inland water is five trout, of any kind, per day, with size limitations of eight inches or greater on brook trout and ten inches or greater on brown and rainbow trout.

Some areas of the state may have different limits. Fishermen are urged to contact their local Michigan Department of Natural Resources (DNR) office for that information. The Grayling DNR office, located on the intersection of M-93 and I-75, can be reached by phone at (517) 348-6371.

The East Branch of the AuSable, from the southern limit of the Grayling Fish Hatchery to its intersection with the AuSable Mainstream, is designated as a "kids only" section, for children 16 and younger.

Mologaines recommends, "anywhere in the catch and release water should be as good as can be expected on opening day."

Definitely a keeper!

WYOMING STATE RECORD--Former Grayling resident, Randy Calkins, landed this state record Lake Trout recently while fishing the Flaming Gorge on the Wyoming, Utah state line. The whopper weighed in, after three hours of searching for a scale large enough to weigh it, at 50 pounds and was 48 1/2 inches long.

Where is spring?

According to Keith Dicks of the National Weather Service in Houghton Lake, the simple explanation for our recent colder than normal weather is, "This is Michigan."

Dicks said the temperatures have only been averaging about 1.5 degrees cooler than what can be normally expected in April.

"Overall, this has been one of the nicer Aprils on record. We can normally expect a major April snowstorm. This year we haven't had one," Dicks said.

"I expect it to warm up quickly after this weekend," he added.

Michigan Militia investigated in Oklahoma City bombing horror

**Dead could exceed
100 in nation's worst
act of terrorism**

**By Terry Wright
News Editor**

As the nation looked on in horror at the death and destruction of the bombing of the Alfred P. Murrah Federal Building in Oklahoma City, OK, residents of northern Michigan, and especially those in Grayling, were shocked to discover there may have been a direct link with a February threat to bomb equipment at the M.A.T.E.S. compound at Camp Grayling.

Federal officials in Oklahoma have arrested Timothy McVeigh, charging him with the bombing, and they have detained Terry and James Nichols as material witnesses. All three of the men are from Decker, a small farming community east of Sandusky, in Michigan's thumb area.

Federal officials have stated their belief that the bombing was in retaliation to the Bureau of Alcohol, Tobacco and Firearms' raid on David

Koresh's Branch Davidian compound in Waco, TX, exactly 2-years prior.

The Nichols brothers are known to be affiliated with the extremist "patriot movement," that cites the Waco raid as an act of governmental tyranny. They have reportedly attended at least one meeting of the Michigan Militia headquartered near Alanson in Emmet County. The militia also uses the Waco raid as an example of tyranny against the Constitution of the United States and the Second Amendment to the Bill of Rights, and the Declaration of Rights of the Constitution of Michigan.

Gen. Norman Olson, commander of the First Brigade of the Michigan Militia, has denied any involvement on the part of the militia with the Oklahoma City bombing and said the Nichols brothers are not members of his organization.

However, the Northern Michigan Regional Militia Manual specifically cites the Branch Davidian compound raid in two places. The first instance states, "the federal government or the governor of Michigan can order members of the organized militia to violate the law with blanket immunity as long as they are acting under orders. The specter of this immunity is horrifying if a Waco-like event were to take place in Michigan." The manual goes on to say, "...that the organized government, having removed itself from the citizens, *inter se*, had intended to dissolve the rights and liberties of free people. The events in Waco, Texas, in 1993, evidence the clear and present danger."

In February, the Michigan Militia, who claim to be the only true and legal state military organization, were investigated by the Federal Bureau of Investigation after a bomb threat was received against Russian made tanks and equipment at Camp Grayling.

Sources have told the Avalanche that at that time, an F.B.I. swat team was dispatched to Camp Grayling, setting up a command post in the old M.A.T.E.S. building at the Grayling Army Airfield, while others were stationed throughout the woods surrounding the new M.A.T.E.S. compound on North Down River Road until the Russian equipment could be loaded aboard train cars and shipped

to Florida.

Olson denied his militia had anything to do with the Camp Grayling threat.

Prior to February, Olson, in a letter to Gov. John Engler, had demanded that Camp Grayling be turned over to the militia.

In a 1994 interview with the militia at its Fort George Williams training site, Col. Ken Adams told the Avalanche, "We just want Camp Grayling given back to the people. The original grant was for the militia of the people. We want some honor in government. We want the National Guard given back to the people."

He also said, "What I'm concerned about are the black-hooded federal and state agents who come under the cover of night kicking in doors, then they tell the people they need to be concerned about the militia."

The Michigan Militia claims membership of 12,000-15,000 statewide, including members from all of Michigan's 83 counties.

While the Oklahoma City bombing is still under an intense nationwide investigation, the death toll is expected to rise to over 100, with another 400-plus injured, before searchers can discontinue sifting through the rubble of the building.

President William Clinton declared Sunday, April 23 a national day of mourning in honor of those who were killed in the nation's worst act of terrorism.

11 interview for road commission appointment

The Crawford County Board of Commissioners is in the process of conducting interviews of candidates interested in serving as a commissioner on the Road Commission for Crawford County.

Eleven candidates submitted applications for the appointment, which is scheduled to be made at the May 4 county commission meeting.

The candidates include Ervin Richter, Terry H. Cranston, James H. Verlinde, Jack Lee Sabin, Ronald O. Baker, Norman F. Parker, Lawrence Mattis, Monte Burmeister, Neal J. Michal Jr., Wallace W. King and Raymond S. Swiecz.

The appointee will fill a vacancy on the three-man board created by the February death of Floyd Millikin, who was elected to his first term on the commission in November, 1994.

MORNING FORMATION--Members of the Michigan Militia's First Brigade stand in formation at a recent training exercise at their secluded Fort George Williams training site northeast of Alanson. The militia claims 15,000-20,000 members from every county in Michigan. The organization has been under investigation by the F.B.I. after a possible connection to suspects apprehended in the Oklahoma City Federal Building bombing.

Governor announces Michigan 'Week'

Governor John Engler recently issued a proclamation announcing the dates for Michigan Week, a celebration held annually since 1954 that promotes the resources and accomplishments of the state. This year's observance carries the theme, "Celebrating the 20th Century," and runs from Saturday, May 13 through May 27.

"There is so much to honor about Michigan that it was decided seven days wouldn't be enough. So we

squeezed 15 days into a week," Engler said. "We can do that on really special occasions. This is one of them."

Each day of the observance will reflect a different focus, including family, government, industry and business, education, natural resources, agriculture, tourism and others. Events and activities are scheduled for different cities across the state during the week, he said, and teachers and students are encouraged to use the

entire month of May to celebrate Michigan.

In his executive declaration, Engler noted how Michiganders have traditionally responded with "unique resilience" to obstacles and challenges since the state joined the Union in 1837, and have gained the respect of the world through their skill and innovation.

The governor called on residents of the Great Lakes State to participate in

Michigan Week and share in their home state's history.

"I encourage all citizens, young and old, in large towns and small, from Upper and Lower Peninsula, to join in the appreciation and promotion of our great state," he said.

Anyone wishing more information on Michigan Week is asked to call the Michigan Historical Center in the Department of State at (517) 373-0510.

Local man named station 'Sailor of the Year'

"I would like to personally thank everybody in my division and my department who inspired, supported and helped me get this recognition. Without their support and help I wouldn't be standing here today," said Cryptologic Technician (Collection) First Class Joseph Rakoczy of Grayling, after being named 1994 Corry Station and Naval Technical Training Center Sailor of the Year.

"I knew the competition was going to be tough, and I wanted to make my division proud. I was elated when the executive officer announced my name because not only was it a reward for me, but for my department and division

as well," said Rakoczy, who is currently an instructor and leading petty officer for the High Frequency Direction Finding Operator course at the Cryptologic Training Department.

According to selection board members, Rakoczy stood out as the winner for several reasons. Selection board member Master Chief Calvin D. Colbert said, "He had good eye contact with all the board members. He had good presence and sounded very confident and sure of himself."

Fellow board member Tom Priest echoed Colbert's remarks. "Rakoczy's presence in front of the board was superb," he said. "He projected himself very well and had a knack for speaking to the entire audience of the board instead of focusing on the board member asking the question."

Colbert went on to say that Rakoczy had good answers and was on top of

the issues. Priest added that he had gone far beyond the technical aspect and has become the true Sailor, describing him as the "mold."

The 28-year-old considers himself an ambitious person. "I started working when I was 14 years old with a variety of jobs ranging from fast food worker to grocery store clerk," he stated.

After graduating from Grayling High School in 1985, he decided to make a change for himself and enlisted in the Navy.

"One week I found myself talking to a Navy recruiter and the next week I was on a plane to Orlando for boot camp," he recalled. "The one dream I had in mind when I enlisted was to see the world."

So far his duty stations have taken him to Pearl Harbor, HI, and Edzell, Scotland.

"Since arriving at Corry, I have made it my foremost priority to ensure that students under my instruction receive the highest caliber instruction possible. I did, and so should they," said Rakoczy.

"My plans after leaving Corry will be to accept order to a ship so I can fulfill the dream I had when I first enlisted in the Navy — to see the world," he said.

During his off-duty time, Petty Officer Rakoczy is involved with Captain's Cup sports, attends the University of West Florida in pursuit of a bachelor's degree in international relations, chaperones Truth-for-Youth lock-ins, and works as a Special Olympics volunteer.

CTRI Rakoczy and his wife, Kathy, have two daughters, Nichole, three, and Megan, eight months.

Amendments to ORV act become law

Governor John Engler recently signed into law enrolled Senate Bill 206, which amends and updates certain portions of the state's Off Road Vehicle (ORV) Act.

"These amendments are important milestones in better managing ORVs in Michigan," Department of Natural Resources (DNR) Director Roland Harnes said. "The new amendments will better protect both public and private lands from degradation caused by irresponsible ORV operation, while providing additional funds for improved trail systems and law enforcement efforts through the ORV Trail Improvement Fund."

Highlights of the newly-enacted law are as follows:

- The amendments reaffirm the "closed-unless-posted-open" policy on state-owned land in the Lower Peninsula. The policy was first enacted in 1991, and expired through a legislatively-enacted sunset provision on Jan. 1. ORVs will continue to be allowed to operate in designated areas and on designated trails and routes.

This policy does not apply to the Upper Peninsula, pending studies

mandated by the Legislature to be conducted by an ORV Committee appointed by the Natural Resources Commission and the statewide ORV Trails Advisory Committee.

In the Upper Peninsula, ORV operation is permitted on designated routes and forest roads unless posted closed. Cross-country ORV operation on state-owned land is expressly prohibited except for licensed hunters to remove deer, bear and elk at speeds of 5 m.p.h. or less.

- The new amendments provide for increasing the cost of ORV licensing from \$10 to \$16.25 on April 1, 1996. This fee increase will provide funds for improving and upgrading the trail system and additional funding for enforcement of the regulations.

- Private land owners and their invited guests are no longer required to license ORVs operated exclusively on their private property. Previously, the ORV law required licensing of all ORVs regardless of where they may be operated.

- Formerly, ORVs operating in special events were exempt from licensing. The new amendments require licensing of these ORVs unless these

events are held entirely on land under the ownership or control of the owner or event sponsor.

- ORVs operating in special events are no longer exempt from statutory sound levels. This will permit the agency to more effectively respond to complaints of excessive noise emitting from races and scrambles on private land. It also expands the availability of ORV licenses by authorizing agents presently selling hunting and fishing licenses, to handle ORV licenses. This will allow the DNR to integrate ORV license sales into the new electronic license sales system and make it far simpler for users to purchase ORV licenses.

- The amendments clarify quiet hours of operation during the fall hunting seasons. Quiet hours now apply only during the November firearm deer season.

- The Department of Education is mandated to make ORV education courses available to youths under 16 years of age. Enforcement of this requirement is mandated to begin on April 1, 1996. For information on class availability, contact the Department of Education at (517) 373-0763.

Sen. McManus announces \$40,000 MSHDA grant to River House Shelter

The River House Shelter, sponsored by Mercy Health Services North, in Crawford County will receive \$40,000

from the Michigan State Housing Development Authority (MSHDA) for their outstanding record of dedication to the homeless. Senator George McManus, R-Traverse City, announced.

"While I wish MSHDA could recognize every homeless shelter, I'm pleased River House Shelter has been acknowledged for its outstanding service," McManus said. "These grant dollars are vitally important to the efforts of this organization."

Ferne Farber, director of River House Shelter, said "Without the MSHDA grant we wouldn't be in operation. These funds pay for the basic operating expenses of the shelter."

"We are grateful for MSHDA renewing our grant, and increasing the amount we receive by \$11,000 over last year. Without the help of MSHDA, we wouldn't have the depth of services we now offer," Farber added.

River House Shelter is also substantially supported by the State Domestic Violence Prevention and Treatment Board and the Federal Office of Criminal Justice.

River House Shelter assists women and children from the counties of Crawford, Oscoda, Roscommon and Ogemaw, who are victims of domestic violence. The grant dollars will be used for ongoing service to the homeless population as well as three full-time night advocates and one part-time shelter assistant.

The grant was processed under the emergency shelter component of MSHDA's homeless program. The grants were awarded to public or private non-profit agencies with a proven track record of providing shelter and/or services to homeless individuals. The money may be used for operating funds, homelessness prevention, essential services and rehabilitation.

Two residents injured in personal injury accident

Officers from the Crawford County Sheriff's Office, along with Northflight Ambulance and the Grayling Township Fire Department Jaws of Life were dispatched to the scene of a rollover accident on North Down River Road, approximately one mile south of Bald Hill Road in Grayling Township, at approximately 10:30 p.m.

Frederic man was removed from the car with serious injuries and taken by Northflight Ambulance to Mercy Hospital, while the 29-year-old Frederic woman was trapped inside the car. The Grayling Fire Dept extracted her with use of the Jaws of Life, then Northflight helicopter landed on the scene and flew the critical passenger to Munson Medical Center in Traverse City.

Alcohol was a factor in the accident, and seatbelts were not used. The driver was arrested for Operating Under the Influence of Alcohol. He will be taken into custody upon his release from Mercy Hospital.

Protecting rights of everyone is challenge in domestic disputes

By Yvonne LaFave
Capital News Service

As courts and police enforce Michigan's five new domestic-violence laws, they are being careful to try to protect the rights of everyone involved in domestic disputes.

Sharon Miller, executive director of the Michigan Women's Commission, said she is pleased the new laws provide for immediate enforcement and arrest when a man violates a personal-protection order.

The order sometimes is the only protection against abuse that a woman has, Miller said.

"Most importantly, we're calling this what it really is," she said. "It's violence and it's a crime."

"These laws demonstrate that domestic violence is no longer some mushy women's issue."

The new laws took effect April 1. The laws allow women who have dated, been married to, lived with or shared a child with an abuser to get police protection as soon as a judge signs a personal-protection order.

Before the law was changed, police had to have proof the man knew about the order against him before they could arrest him for violating it.

The protection order now takes effect before the man is notified and immediately is entered into the Law Enforcement Information Network, a computer database used by police across the state.

Mason County Prosecutor Cris Van Oosterum said since the orders take immediate effect, police, prosecutors and judges must be careful to strike a balance.

Officials have to protect the woman without stepping on the civil rights of the man against whom she has the personal-protection order, Van Oosterum said.

If the man has not been notified of the order and has not violated any other law, police have been trained to officially notify him and then give the man a chance to leave, he said. Police also are instructed to arrest the man if he is breaking other laws, such as trespassing or assaulting the woman.

The legislation is limited to domestic violence, but we will enforce other laws," Van Oosterum said. "We're training police to not just walk away from situations that are family matters that don't fit the traditional category."

Christine Warne, executive director for Region Four Community Services, which serves Mason, Lake and Oceana

counties, said the laws have to lean toward protecting women.

"Most of the time when there is contact, it will be a violent confrontation," she said. "These situations can be very lethal for women."

Ruth Strey, legal advocate for River House Shelter, which serves abuse victims from Crawford, Ogemaw, Roscommon, and Oscoda counties, said giving the orders immediate effect gives police the tools to respond quickly and avoid tragedy.

The new laws are recognition of a social responsibility to help end domestic violence, she said.

"Instead of society asking, 'Why does she stay?' We should be asking, 'How can we let this go on?'" Strey said.

Confirmation services April 30 at Mt. Hope Lutheran Church

Mt. Hope Lutheran Church in Grayling, will hold their confirmation service on Sunday, April 30, at 10:30 a.m. Six youths will take their confirmation vows. These youth are Jason Dasho of Frederic, Jennifer Laura and Becky Stinehour, both of Roscommon, and Kevin Jansen, Allison Pettyjohn, and Sarah Wells all of Grayling.

Confirmation at Mt. Hope is a public rite of the church that is preceded by a period of instruction designed to help baptized Christians identify with the life and mission of the Christian community. This instruction is usually taken in the early teenage years in

which the students memorize much of Martin Luther's Small Catechism and Bible passages to give them a thorough understanding of the Christian faith and life. After having been instructed in the Christian faith prior to admission to the Lord's Supper (1 Corinthians 11:28), the rite of confirmation provides an opportunity for the individual Christian, relying on God's promise given in Holy Baptism, to make a public confession of faith and a lifelong pledge of fidelity to Christ.

The public is welcome and invited to attend this service and encourage these youths to remain faithful to their loving God.

Legendary Land-Myths and Mysteries in the British Isles at Joseph Stripe Auditorium

On Thursday, April 27, the Crawford AuSable Community Education Travel and Adventure Series will continue when Hal McClure presents *Legendary Land-Myths and Mysteries in the British Isles*, in the Joseph Stripe Auditorium of Grayling High School.

McClure was a foreign correspondent covering some of the world's hottest news stories before he entered travel film production.

A former U.S. Air Force pilot and instructor, he worked on a half-dozen newspapers before joining the Associated Press (AP) in Los Angeles. After winning a national fellowship for study in North Africa and the Middle East, he began a 15-year career as an AP foreign correspondent and bureau chief. His by-lined stories, which took him from the paddies of Asia to the sands of the Middle East and the chancelleries of Europe, have appeared in newspapers and magazines around the world.

When McClure entered the travel-film field, he brought a wide knowledge of the world and its people — valuable journalistic experience that helped him produce new and exciting travelogues. Listed in *Contemporary*

Writers of America, he is executive editor of *Travelogue Magazine*, the voice of the international travel-film industry.

Land of Legend begins on the great windswept plain of Salisbury, where the Stonehenge ruins of antiquity have stood in silent vigil for more than 4,000 years. Why were these giant stones, some weighing 40 tons, laboriously erected to carefully align with the mid-summer solstice? And what of the giant white horses carved in the chalk hills, or the mysterious "crop circles" that have appeared overnight in farmers' fields?

Not far away is Glastonbury, where legend says King Arthur and Queen Guinevere were buried, and where Joseph of Arimathea brought the Chalice of the Last Supper. The search for the historical Arthur picks up at castles at Tintagel in Cornwall, Wales, and finally on the Isle of Man off the Scottish coast. Some believe this was Arthur's Avalon.

While in Scotland, Land of Legend follows the hunt for "Nessie," the fabled Loch Ness monster that has been "sighted" more than 3,000 times since the mid 1930s. The legendary

story of Robin Hood and his Merry Men has thrilled generations for 600 years. The quest for the "real" Robin begins at Nottingham Castle and today's Sherwood Forest and ends at Kirkcaldy, one of his traditional resting places.

Most people know Sherlock Holmes as a fictional character, but thousands around the world believe the great detective still lives and they continue to write him at his Baker Street digs, today occupied by a London Bank. Mail addressed to Holmes is faithfully answered by his "secretary," a bank employee.

Tickets for this travelogue are \$4 for adults and \$3.50 for seniors and students and may be purchased at the following locations: GSB, CASD Central Office, or at the Community Education offices at the Adult Learning Center at Hanson Hills during the daytime, or evenings at the Grayling High School. Tickets will also be available at the door. Doors open at 6:45 p.m. and the journey begins promptly at 7:30 p.m. Don't forget, this is the last program of the series. This will be your chance to select destinations for next season.

YOUR SOCIAL SECURITY

By Charles Tinsley, Cadillac Social Security Representative

Social Security message for brides-to-be

It's the time of year when many brides-to-be are busy with a list of "things to do" before their wedding. The Social Security Administration (SSA) would like them to add one important, but easily managed item, to that list.

If you're going to change your name when you marry, remember to tell Social Security.

For women who are working, reporting a name change assures that they will receive proper credit for their earnings and, one day, all the Social Security benefits they are due. For women who don't work outside the home, reporting the change will ensure that their Social Security record shows the correct name when the time comes to apply for benefits.

Another important reason to report your change of name is that Internal

Revenue Service and SSA records show the same name and Social Security number. If they don't, your tax refund could be postponed.

Of course, if a woman continues to use her maiden name after marriage,

as many women do today, they don't need to report the marriage. They just have to be sure to use their maiden name consistently throughout their working years. And if someone should change her mind later, let Social

Security know at that time.

To report a name change, call Social Security's toll-free number, 1-800-772-1213, any business day between 7 a.m. and 7 p.m., or call 616-946-8361 or a Social Security representative will be at the Crawford County building the first and third Tuesday of each month between the hours of 10:30 a.m. and 2 p.m. You'll need to complete an Application For A Social Security Card and provide either your marriage certificate to verify your old and new names or two documents — one with your maiden name and one with your married name. All documents must be originals or certified copies. The application form lists acceptable documents.

The Social Security Administration reminds everyone that the service is free. Don't be misled by any business that offers — for a fee — to complete the paperwork for you. The process is simple and you do not need to pay anyone for a revised Social Security card.

HEALTHLINE

Linda DeMarchis, M.A., Health Educator

This column is presented as a public service to the community by District Health Department No. 1, which serves Wexford, Missaukee, Kalkaska, and Crawford counties. If you have a question you would like answered, please send it to Health Educator, District Health Department No. 1, 401 Lake St., Cadillac, MI, 49601.

Question: My fiancée and I will be getting married in the spring and want to make sure we understand the procedure involved with getting a marriage license. Do we need to get a blood test?

Answer: It is always a good idea to plan ahead, as you are doing, when considering marriage. Many young people are disappointed to find out that wedding dates must be postponed because of failure to meet certain requirements.

To get a marriage license, a couple is required by law to receive information and counseling on sexually transmitted diseases (STDs), AIDS, and their relationship to prenatal care. This law applies to all couples planning marriage regardless of age, previous marriages, and sexual experience. No blood tests are required but certain tests will be explained and offered at the information/counseling sessions. After completing the session, the couple receives a signed certificate. This certificate must be presented at the

county clerk's office at least three working days before the marriage license is issued, but not more than 30 days before the wedding. The certificate is valid for 60 days and certifies that you have received counseling and have been offered testing for STDs and AIDS.

To attend an informational/counseling session, a couple needs to call the health department office in their county to make an appointment for pre-marital education class. Ideally, the call should be made one to two months in advance since classes are offered only at certain times and limited in number. The cost of the 1-hour class is \$15 per person, or \$25 per couple.

The information presented during the class is considered extremely important since it outlines certain behaviors that can have serious effects on the health of individuals, spouses and unborn children. This information can keep your marriage free from sexually transmitted diseases and help you make decisions about future pregnancies. Most importantly, it will help produce generations of healthy children for the future.

If you need more information about pre-marital education or family planning clinics, call the health department in your area. Our friendly, helpful staff will be happy to answer any questions you may have and assist you in scheduling appointments.

SENIOR CITIZEN NEWS

By Jan Farley

Special thought for the week: Remember, a top banana has to be supported by the rest of the bunch!

Such a good time was had at the Sunday potluck. Everyone was stuffed to the gills with all the good food and no one wanted to leave, so some of them chatted away the time and others played cards. A very good afternoon was had by all.

Get your reservations in early for the Mother's Day dinner and dance on May 11. Cornish game hens on the menu and lemon pie for dessert! Games and prizes, plus dancing to the music of Tina Kennedy following.

We are returning to the special birthday dinners every month and for May honorees it will be on the 18th, and subsequent months on the third Thursday.

The BK bingo will continue as just that; same night (first Wednesday of the month) at 5:30 p.m. and the prizes will be BK coupons. There will be punch and cookies following.

Don't forget the Sunday brunch on May 7, from 9 a.m. to 1 p.m., and the featured item will be chipped beef on toast.

Remember the "Big Picture" on Monday at the movies, 5:30 p.m.

May 1-Witness with Harrison Ford.

May 8-Pretty Woman with Richard Gere and Julia Roberts.

May 15-Four Weddings and a Funeral.

May 22-Trip to Bountiful.

May 29-Memorial Day, the Center is closed.

Mark your calendars and come on in!

Come and eat at the center. The meals are tasty, well balanced, and you don't have to do the dishes. Any senior, or spouse, in Crawford County that is 60 or older, is welcome and bring your friends and families. The suggested donation is \$1.50 for seniors and a \$2.50 charge for those under 60.

Please take note! Reservations are recommended, however, we can always take a few walk-ins — but for the most part, try and call ahead. Meals are served at noon and 5 p.m., Monday through Thursday and at noon only on Fridays. Menus are subject to change and are listed as lunch/dinner.

Lunch/Dinner:
April 26-Italian Round Steak/Veal

Birds;
April 27-Turkey/Sweet & Sour

Pork;
April 28-Beef Steak;

May 1-Roast Pork/Turkey & Dressing;

May 2-Baked Chicken/Salisbury Steak;

May 3- Brown Steak/Spanish Rice

May 4-Meatballs/BBQ Beef;

May 5-Pork Chops.

Coming Events
April 26-"Roarin' 20s" dance with Tina.

May 1-Movie, Witness.

May 2-Cards Nite.

May 3-BK Bingo party.

May 4-Fun & Games.

May 7-Sunday Brunch.

RSVP HAPPENINGS

We have many thank yous to get out this week. First on our list is Rick Anderson and Fuelgas. They have been sending an envelope stuffing our way each month. That is helping our program to make the 30-percent match we have to make each year to maintain funding.

Donation letters were recently sent out to area businesses and the following businesses made donations in support of the Retired and Senior Volunteer Program: Deane Systems Co.,

Margaret Flowers, Hutson Insurance Agency, Holiday Inn of Grayling, Sunset Resort, Blue Fin Resort, Jim and Carol Stender, J.J.'s Motor Mall, and Morris' Northernmaric Resort.

Sean Mirate receives \$1,000 scholarship

Sean Mirate, a 1993 Grayling High School graduate, has received a \$1,000 scholarship from the School of Music at Western Michigan University for the 1995-96 academic school year. This award is in recognition of Mirate's accomplishments and potential as a musician and student. To receive this scholarship the recipient must be a full-time music major with a 3.0 or greater grade-point average and demonstrate continuing musical excellence.

"Sean's talents and accomplishments at Western have contributed greatly to the quality of the School of Music and on behalf of the faculty, the staff is very proud to give this award to Sean," said Richard N. O'Hearn, director of the School of Music.

Mirate is pursuing a bachelor of music degree at Western, majoring in classical piano. He is the son of Jeffrey and Karen Mirate of Grayling.

Haske awarded savings bond from Grayling VFW

On April 20, the Grayling Memorial Veterans of Foreign Wars Post 5832 awarded Kimberly Haske a \$25 savings bond for her entrance in the Ralph J. Seabold Scholarship essay. Kimberly is a 12th grade student at Grayling High School.

The Ralph J. Seabold Scholarship program is a Michigan Veterans of Foreign Wars scholarship program. Entrants must write an essay of 150 words or more, not to exceed 250, on a topic chosen at the Department of Michigan Veterans of Foreign Wars

state convention each June. The 1994-95 topic was, "My commitment to society through education." This program is open to 12th-grade students only.

Kimberly's entry and essay was sent in to the state Seabold director in March. By her entry into the program, Kimberly has an opportunity to win one of the three scholarship awards given by the Department of Michigan Veterans of Foreign Wars. The scholarships offered are \$650, \$500 and \$250.

Mt. Hope Lutheran Church holds services for National Day of Prayer

Mt. Hope Lutheran Church, located north of the airport, across from the county fairgrounds in Grayling, will open their doors on May 4, for National Day of Prayer. The community is invited to come to the church to pray at any time from 7:45 a.m. until 8:30 p.m.

There will be four special prayer services conducted that day, at 8 a.m., 12 noon, 6 and 8 p.m. Each service will be about 20 minutes in length.

At the 8 a.m. service, Matins, the special prayer emphasis will be on "work, education, divine protection, our Armed Forces, and the environment."

The prayer emphasis at the noonday service will be "the church, missionary work, pastors and those who hold special offices in the church, faith, grace to use our gifts, and the return of the wayward and erring."

At 6 p.m., Vespers, the prayers will focus on: "Home and family life, parents, care of children and youth, the ill and hospitalized, those in

distress, those suffering from addiction, special birthdays and anniversaries, those engaged to be married, and those estranged and divorced."

At the 8 p.m. service, Compline, our special prayers will be for "the lonely, our nation and its leaders, citizenship and peace."

Mt. Hope will welcome specific prayer requests from members of the community. Those requests may be made by mail to Mt. Hope Lutheran Church, P.O. Box 483, Grayling, MI 49738, or by phone to 348-5921. If you wish your request prayed at a specific service, indicate that on your request.

Requests may also be made in person on May 4. Community members are encouraged to stop in at Mt. Hope between 7:45 a.m. and 8:30 p.m., to pray personally or to join the prayer services.

"If my people, who are called by my name, will humble themselves and pray and seek my face and turn from

their wicked ways, then I will hear from heaven and will forgive their sin and will heal their land."—2 Chronicles 7:14.

Philosophy

A New Mission Statement was adopted by the Michigan State Board of Education on Jan. 19, 1995. Last week we studied the "Vision" paragraph of that document, please join us in analyzing the "Philosophy" paragraph:

"We the Michigan State Board of Education, believe that to teach a child created by God is a noble calling; that throughout life, parents are a child's first teachers with the primary right and responsibility for their child's education. A quality education is rooted in character and academic excellence. It seeks to help a child develop to his fullest potential in heart, mind and body. It encourages a child always and everywhere to seek truth, to know what is good, to develop a disciplined mind and a wise, kind and discerning heart and to be a self responsible citizen who leads a full and good life as a productive and contributing member of a free society."

"...To teach a child created by God

is a noble calling..." This truth reaffirms our individual human dignity as declared in The Declaration of Independence: "We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness." Any life-training responsibility for such creatures is surely a noble calling. To attack these truths is to attack the founding documents which gave birth to our nation.

We agree that parents have the primary right and responsibility for the education and training of their own children. Children are not property of the state, but God's gift to parents. We agree that both character and academic excellence are essential for a quality education. Such a balanced education should enable each child to reach his/her full potential in heart, mind and body. The seeking and exalting of truth and goodness surely enables one to "develop a disciplined mind and a

wise, kind and discerning heart." The results should enable one "to be a self responsible citizen who leads a full and good life as a productive and contributing member of a free society."

The Michigan State Board of Education is worthy of commendation for the "Philosophy" paragraph in the New Mission Statement. But the state is limited in the education each child receives. The primary rights and responsibilities of education rest with the parents. The church also bears life training responsibility. Only as truth and goodness are consistently taught and practiced in the home and church can parents expect this educational philosophy to be complimented locally in public schools.

Church Directory

"What a glorious spring day. I'm going to open the windows and let in some fresh air—maybe even clean out a closet or two. I've been meaning to sort out those clothes we don't wear anymore and put some winter things in storage."

Indeed, the advent of spring seems to bring to mind freshness and order. What an appropriate time to freshen up and sort out our spiritual lives as well. Perhaps it would be refreshing to enroll in a religious seminar or to take part in the musical program at your local house of worship. Discard unwanted habits that clutter your soul such as negative thinking and begin a practice that will enrich your life. Perhaps you could begin each day with prayer or keep a daily devotional guide at your bedside. The possibilities are endless.

Most importantly, make it a habit to visit God's house each Sabbath. Your spirit will sparkle as you learn to trust in God's will for your life. Remember, when you're sorting things out, put away fear and store God in your heart.

Composting, mulching are safe alternatives to burning yard waste

It has become apparent in recent years that smoke from outdoor open burning can have serious health consequences. Small particles and pollutants in smoke can cause several health problems, especially in children and those individuals with chronic respiratory problems. Smoke can cause eye, nose, and throat irritation; lung irritation and congestion; and headaches or memory loss.

Open burning of yard wastes is also

the single most common cause of wildfire in Michigan, responsible for over one-fourth of all wildfires.

"Most wildfires occur on warm spring days when people are burning yard wastes from backyard clean-up chores," said Dan Jones, DNR Forest Fire Officer. "Composting or mulching yard wastes is a safe, nuisance-free alternative to open burning which also eliminates the risk of wildfire."

Mulching simply refers to any technique where organic matter, such as grass clippings, leaves, and small brush, is spread in thin layers on the surface of the ground and left to decompose naturally. Grass clippings, leaves, and compost can be placed around garden vegetables and flowers to keep down weeds and retain moisture.

In about as much time as it takes to burn yard wastes, these same materials

can be prepared for composting. Composting can be done in a variety

of ways, ranging from passive methods where the yard wastes are left in a pile to decompose over time to active methods where the decomposition process is carefully controlled. Yard wastes can also be plowed or rototilled into a garden area.

For additional information, contact your local Cooperative Extension Service office or the Department of Natural Resources—Waste Management Division.

Instead of burning yard wastes this year, protect your health and consider the alternatives. It's something to think about.

Clarification to county recreation center story

A survey was printed in the Avalanche last week with a heading indicating that Grayling Recreation Authority (GRA) was requesting the information. GRA is not making the request.

The County Recreation Center Steering Committee (CRCSC) is making the request. They are an independent committee comprised of several citizens in the community interested in the feasibility of a family community center.

The land deeded to the county by the DNR for the purpose of recreation is an ideal location for a community center. The initial activity of the CRCSC was to ask for a commitment from the county to hold the land until an in-depth study and plan could be explored. The county granted the request with a 2-year cap and a stipulation that the GRA (an existing entity involved in recreation) be the reporting agent back to the county.

The GRA board accepted the responsibility of reporting to the county and officially accepted the CRCSC as a committee. The reports of activity and progress of the CRCSC will be presented to the GRA board in 6-month intervals. GRA will then report the progress of the CRCSC to the county.

Members of the CRCSC are citizens-at-large representing the interests of the youth, senior citizens, hospital, chamber, recreation, businesses, county, townships, service groups, library, industries, and families of the community. The survey being conducted will assist CRCSC to establish priorities and areas of study.

RANGE FIRING

Range firing will be conducted at Camp Grayling in the following areas:

The Small Arms Ranges located west of Lake Margrethe, north of Howe Road, east of the gas pipeline, and south of Portage Creek. Firing will begin on April 28 and cease on May 1.

The Small Arms Range located at Arrowhead Road in Kalkaska County. Firing will begin on April 28 and cease on May 1.

The Range 40 Complex, Air to Ground, located north of County Rd. 612, east of Guthrie Lake, south of Old State Rd. 618, and west of County Rd. 197 (Twin Bridge Rd.). Firing will be from April 26 through April 28, and May 2 through May 3.

Rayburn Lodge settled on new site

By Linda Sherwood
Staff Writer

The Rayburn Lodge has overlooked the AuSable River ever

since it was built in 1924. For years, people have passed the majestic Rayburn Lodge as they floated by via the AuSable

River.

The purchase of the 1,200 acres the Rayburn Lodge stood on, in 1992, as part of land acquisitions by the Michigan Natural Resources Trust Fund, ended that view and almost moved the Rayburn Lodge out of Crawford County. Under that fund, properties acquired are cleared of buildings, and lands are allowed to go back to their natural state.

The Department of Natural Resources sold the buildings, including the Rayburn Lodge, in May 1992. The new owner originally intended to move the Rayburn Lodge to Missaukee County along the banks of the Muskegon River. Local concern and technical difficulties in moving the 200-ton lodge prevented the move and a new site was chosen just off Richardson Rd.

The route the Rayburn Lodge took to its new site looked like a parade route as people lined the roadside to watch the huge lodge being moved. From its new site on 14 acres overlooking 300 ft. of the AuSable River's "Holy Waters," the Rayburn Lodge isn't quite as easy to see from the river. Instead of the open green lawn of the old site, the lodge now is partially hidden by trees, from passing canoers who don't know where to look.

The 1,200-acre plot was originally owned by Murray Body. The lodge and property was later purchased by Don Rayburn, who used it as a fishing/hunting lodge for friends and clients. Pete Kelly, former caretaker, said Rayburn, at one time, owned over 100 oil wells in Michigan. Kelly believes that Rayburn bought the lodge in the 1950s. In the 20 years Kelly worked as caretaker, Rayburn came to the lodge about a dozen times. Rayburn did a lot for the wildlife and property, said

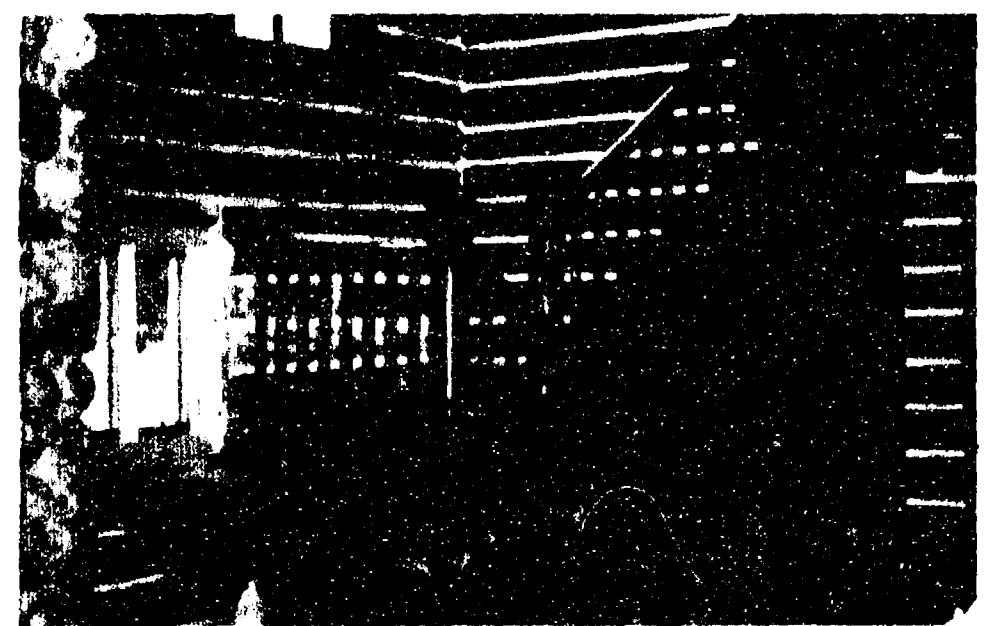

THE RAYBURN LODGE FOR SALE ONCE MORE -- The lodge now sits on 14 wooded acres overlooking 300' feet of the AuSable River's 'Holy Waters.' The 2-story stone fireplace had to be torn down and rebuilt for the move from the old location. The lodge and caretaker's cabin are once again on the real estate market. The full log lodge has all hardwood floors and a wormy chestnut interior.

RIVERVIEW -- Lots of windows provide a beautiful view of the AuSable River through the trees. The long row of windows upstairs is the master bedroom, downstairs is the great room.

DINING ROOM -- This indoor steak grill, located in the dining room, features a woody chestnut cabinet and a copper hood.

MOVING UP IN STYLE -- One of two staircases standing regally on either side of the 2-story fireplace in the great room.

Marathon contributions to benefit Special Olympians

Contributions from the Weyerhaeuser AuSable River Canoe Marathon allowed three teams from District 4's Michigan Special Olympics to attend the District Basketball Competition in Big Rapids last March.

Every year in conjunction with the sprints for starting position for the race, similar to the INDY 500 time-trials qualifying races, Marathon contestants paddle a short-looped course with Special Olympians. Mike Eva of District 4 said the canoe event has become a highlight for his group.

Medals are presented to the Special Olympians during the Paddlers' Dinner program. Ten percent of all Marathon and related race entry fees are donated to the Special Olympic Program.

This year's race will be held July 29-30. If you'd like to help with this event, call 348-4425

and leave your name and phone number. Or attend the local committee's monthly meetings,

the third Tuesday of the month at 7 p.m. at the Marathon office in the Grayling Mini-Mall.

PADDLING PAYS FOR B-BALL -- Mike Eva (L) of District 4 Special Olympics accepts a \$360 check from Jack Stevens of the Weyerhaeuser AuSable River Canoe Marathon Committee.

Kelly.

The outer shell of the building is made out of pine logs. The great room boasts a 2-story, full-stone fireplace, which had to be dismantled and rebuilt when the lodge was moved. The greatest historical interest comes from the wormy chestnut that is used throughout the lodge. Wormy chestnut is practically unheard of today.

When entering the main door, there is a small entrance hallway with pegs for coats and hats. The kitchen is to the right with the great room straight ahead and to the left. The great room has stairs on either side of the stone fireplace and a balcony overlooking the room. On the first floor, besides the great room and kitchen, you can find the library, bar, dining room with

an indoor steak grill, and a small bathroom. Upstairs there are two wings on either side, both of which house two bedrooms and a shared bathroom. In the back, overlooking the AuSable River, is the master bedroom with a private bath.

More information on the history of the Rayburn Lodge can be found at the State Archives in Lansing.

New owner outlines future plans

Chief Shoppenagon's Motor Hotel will soon have a new owner. Nancy Graf recently spoke at a Kiwanis meeting and

shared her plans for the future of Chief Shoppenagon's and how it will affect the community.

Graf is from Laingsburg, and is currently operating the hotel under a management agreement, while she is in the process of buying it.

"The hotel is so much a part of Grayling. I want to keep it that way," said Graf. "I want to maintain a high standard of quality. I hope it continues to improve."

Graf's experience in personnel management, administration, public relations and military command will bring a lot of experience to the hotel. Graf is open to suggestions on how to improve the hotel, but has also started implementing several ideas of her own, including a new menu with rainbow trout. The restaurant will be open for lunch and dinner, but not breakfast. A continental breakfast will be available for guests.

The hotel will have 20 rooms open for guests, with very reasonable rates, said Graf.

There will no longer be a sports bar at Chief Shoppenagon's, and you won't find hard rock or head-banging music there either, she said.

"Hopefully we can gain confidence of folks in the area," said Graf. "I want to be part of the community."

Updating the front of the building is one of the items on her agenda. So is having a senior citizens discount and having the downstairs area available for private parties.

PLANS FOR THE FUTURE -- Nancy Graf talks at a recent Kiwanis meeting about her plans for Chief Shoppenagon's.

CONGRATULATIONS

To Weyerhaeuser's
Grayling Structurwood
team for winning
the Wood Products
Manufacturing
Excellence Award

Winning the Wood Products Manufacturing Excellence Award is more of an achievement than you might think. Because it measures many more elements than just traditional manufacturing -- like safety and environmental performance, the use of benchmarking to set and meet rigorous targets for how we satisfy our customers, and technical skill-building and cross-training of our team members.

How we got there is also part of the success story -- like the innovative team concept work system, where everyone is involved in and deeply committed to the operation and success of the plant.

In addition to a handsome polished oak and brass trophy, the Grayling team will receive a \$25,000 cash prize, which employees can use in any way they choose to enhance their work environment.

In congratulating Grayling, Weyerhaeuser executive vice president, Dan Rubin, said: "This award is designed to identify and honor the best of the best in manufacturing excellence. As one of only three winners to earn this prestigious award, you have clearly demonstrated that you operate a world-class facility."

Vikings pitch 2 no-hitters

By Nick Stancil
Staff Writer

The Grayling Viking baseball team accomplished a tremendous feat by defeating Lake City in two consecutive no-hitters by the score of 12-0 and 13-0 on Thursday, April 20.

The Vikings traveled to Lake City to avenge two previous losses and they could not have been more convincing in doing so.

Senior Chip Waite pitched the first game of the double header and said that a no-hitter is usually very hard to accomplish at the high school level.

"It's not something I expected - it just happened," said Waite. "I felt strong going into the game. I threw strikes and the defense played well. It felt great to throw a no-hitter and it was even more special after Jason (Thompson) threw his."

The Vikings' 12 runs came behind the hitting of juniors Jason Hatfield, Scott Hartman and Travis Weaver with one hit each and Thompson had two hits. Senior Tony Dobry and Waite had one and two hits respectively.

The Vikings' success from the first game was not short-lived as Thompson also pitched a no-hitter.

"Our defense was as much a part of the game as anything else," said Thompson. "Steve Bugyi (senior) and Justin Eddy (junior) made some key defensive plays that helped out a lot. It felt great to throw a no-hitter right after Chip did."

The leading batters in the second game of the double header were seniors Bugyi, Waite and Scott Longendyke with one hit and Shane Hinkle and Chris Jones with two hits. Junior Travis Weaver and senior Eric Hamlin also had one hit each, while Andy Perrin had two hits.

The Vikings also hosted Kalkaska on Friday, April 21 and were defeated in both games 10-0 and 5-4.

Perrin took the loss as the pitcher in the first game. The Viking bats went cold as Grayling was held to no hits.

In the second game Waite took the loss with Thompson relieving him for three batters and Perrin finishing the rest of the game.

"Chip pitched really well on Friday," said Head Coach Fred Wolcott. "He had a 4-1 lead, but we couldn't get a

key hit. We left a lot of men on base." Hinkle, Thompson, Waite, Weaver and Dobry all with one hit. The Vikings have an overall record

of 3-3 and begin conference play against a tough Whittemore-Prescott team at home on Friday, April 28.

SAFE AT FIRST -- Senior Randee Flowers dives for first base as Kalkaska's pitcher tries to pick him off.

JV baseball wins 4 in a row

The Grayling Junior Varsity baseball team came out swinging and began their season with four victories over Lake City.

The junior varsity team traveled to Lake City on April 11 for their first game of the season and came home with overwhelming 17-2 and 7-1 victories.

The winning pitcher for the first game was sophomore Eddy Baynam who struck out seven Lake City batters in three innings.

Sophomore Tim Anderson struck out two batters in two innings of relief pitching.

"Our team is a good hitting team that is getting hits with men on base," said Coach William Klinger.

Leading hitters in the first game were Baynam with three hits; freshman Isaac Tobin and sophomore Aaron Perrin had two hits; and freshman Jerry Roman, sophomore Ben Haskel, sophomore Josh Schoen

and sophomore Mike Knight each had one hit.

In the second game of the double header, the Vikings' winning pitcher was Perrin who struck out eight.

Roman led the Viking offense with two hits while Haskel, Perrin, sophomore Brad Larm and Tobin all had one hit.

"We have very aggressive base running which has allowed us to score runs," commented Klinger.

On April 20 Lake City traveled to Grayling for a junior varsity re-match and was again handed convincing 14-2 and 5-4 defeats.

In the first game, Anderson took the win by striking out five.

Perrin also struck out five in one and a third innings of relief.

The Vikings' offense came from Anderson, Knight and Larm who each had two hits, and from Haskel and Schoen who each had one hit.

After trailing 4-3 in the second game, Grayling scored two runs in the last inning to gain the 5-4 victory.

Freshman Mike Harland was the victorious pitcher who relieved Baynam.

The leading hitters were Anderson with two hits and Perrin and Haskel with one hit.

Larm scored the tying run and sophomore Josh Neethers scored the go-ahead run.

According to Klinger the Vikings' early success is due to good defense. In Grayling's first four games they have only made one error.

"This is a very coachable team and they will get better as the season goes on," said Klinger.

The junior varsity team traveled to Houghton Lake on Tuesday, April 25.

Varsity softball continues to improve

By Nick Stancil
Staff Writer

The Grayling Viking softball team continues to improve after dropping two games to Lake City on Thursday, April 20.

Coach Gerry St. Germain said that this year's softball team is young and somewhat inexperienced.

"The team's goal is to acquire the knowledge and skill needed to compete in every game through study and experience," said St. Germain.

In the first game of the double header, senior Carol Lanczy and juniors Alicia Holly and Jennifer Richardson were the leading hitters.

Lanczy was also noted by St. Germain for having outstanding defensive plays along with junior Brooke Blaauw, junior Arica Burkett and senior Nicole Parker.

St. Germain said that in the second game Richardson was again one of the top batters along with sophomore Jessica St. Germain.

Blaauw, Parker, St. Germain and senior Samara Sabin were also noted for their defensive efforts in the second game.

The Lady Vikings have not had good luck with the weather, but they continue to improve.

"I think we haven't had the best weather, but we are improving everyday," said senior Trish Straw. "The desire to win is there but we just need to execute better."

The Vikings hosted Kalkaska on Friday, April 21 and were again defeated in both games of the double header.

In the first game Holly, Richardson and Sabin were the top hitters. Blaauw,

Richardson and junior Staci Mead had good defensive games according to St. Germain.

In the second game, Blaauw and Jessica St. Germain were the top batters and Holly, Lanczy and St. Germain made the outstanding defensive plays of the game.

Coach St. Germain also wanted to mention that the substitutes are working hard to improve and keep the team morale high.

"The kids are working hard to improve," said Coach St. Germain. "They aren't satisfied with just learning the game."

So far this season the team's batting leaders are Richardson and St. Germain who are batting .350 and .294 respectively.

The team fielding leaders are Holly and St. Germain both with 17 assists and Mead with 12 assists.

Other players who have a high on-base percentage are Lanczy with .476, Blaauw and Mead both with .438 and St. Germain with .429.

Blaauw and Sabin also have 18 put outs followed by Lanczy with 14.

St. Germain said that progress has been made with each game that has been played. "We are moving forward in pitching, hitting, fielding and baserunning," he said.

The softball team hopes to improve their record with games at home against Houghton Lake on Tuesday and Whittemore-Prescott on Friday.

SOPHOMORE JESSICA ST. GERMAIN has been one of this season's leading hitters with a batting average of .294

Lady golfers take to the course

By Nick Stancil
Staff Writer

The Grayling Girls' Golf team battled the elements all week and improved upon their game during meets at the Alpena Country Club on April 17, the Curry Golf Course in Midland on April 19 and at the Grayling Country Club on April 21.

"Our season is kind of off to a slow start because of the weather," said Coach Laura Schans.

The Vikings, with a score of 375, were defeated by host Alpena at the Alpena Country Club.

The low scorer for Grayling was sophomore Schilee Reed who was named Viking of the week by Schans.

On Wednesday, April 19, the Vikings traveled to Midland to take on Midland High School and Midland Dow.

The Vikings took third place in the tri-meet again battling the cold, windy, 40 degree weather. Reed was again the Viking's top golfer.

The Vikings hosted and were defeated by Montcalm on Friday, April 21, at the Grayling Country Club in more bitter weather.

Reed led all Viking golfers with the low score of 51.

The girls' team has had poor weather but have continued to play with warm spirits.

"No matter what the weather the girls are happy and determined to play," said Schans. "I think that all of the girls are coming along really well and I see a lot of improvement."

"This season we have been improving individually and we have been having a lot of fun as team," said junior Brion Davis. "I think that as the weather improves our team should also improve."

The girls' golf team consists of Reed, Davis, and juniors Deanne Lee, Lisa Lowensbury, Miggon Anderson, Rachel Harwood and senior Jessica Ashworth.

The girls traveled to Bay City on Tuesday, April 25.

EYE ON THE BALL -- Sophomore Schilee Reed tees off to lead the Vikings as the low scorer of the week.

DNR to conduct additional meeting on hunting issues

Department of Natural Resources (DNR) Director Roland Harnes has announced that the DNR will host one more public meeting on issues related to deer hunting in Michigan. This seventh in a series of citizen input meetings will be held in Menominee, and Harnes noted that he will again be joined by Natural Resources Commission (NRC) members.

"Inclement weather made it difficult for interested Upper Peninsula citizens to attend our very first public meeting on deer hunting issues in Marquette," Harnes stated. "Though

the NRC meeting in Menominee on July 5 and 6 offers an open forum for discussion of any topic, hunting for deer over bait is an important enough issue to merit an additional special meeting."

The meeting will be held on June 27, at Blesch Auditorium, Menominee Middle School, 13th Street at 13th Avenue, Menominee. As with all previous sessions, the Menominee meeting will run from 3 to 5 p.m., and will resume again at 6 p.m., and continue until 10 p.m.

Those attending the meetings will be asked to fill out a card expressing their opinion as to whether hunting for deer over bait should be 1.) left as is, 2.) limited, or 3.) eliminated. Anyone wishing to verbally express their opinions will be granted between three and five minutes to do so, depending on the number of people desiring to speak.

Experience from the six previous meetings indicates that public comments are likely to be limited to three minutes.

Citizens are also welcome to con-

tinue submitting written comments to Department of Natural Resources, Wildlife Division, P.O. Box 30444, Lansing, MI 48909.

Harnes clarified that no decision or announcement will be made on the baiting issue until after the July NRC Menominee meeting, and until he has sufficient time to confer with commissioners, law enforcement personnel and wildlife biologists.

The effective date of any possible changes would be no sooner than the 1996 deer hunting season.

Scott Asmen wins pool tournament

In an exciting finish, Scott Asmen defeated Kelly Hatmaker to win the first round of Chief Shoppenagon's Spring/Summer Pool Tournament.

After losing his opening-round match, Asmen advanced, in the losers' bracket, all the way to the finals, where he was victorious over Hatmaker. Both Asmen and Hatmaker are now

qualified to compete in the "Tournament of Champions" to be held Sept. 25.

The second-round qualification tourney will be held on Monday, May 15, at Chief Shoppenagon's. Anyone interested in participating may call Ted Rondeau at 348-2244, for further information.

FOX RUN GOLF NEWS

By Dick Spenny

Fox Run's Wednesday men's league has formed and play is set to begin on May 3. The annual league meeting is scheduled for April 26, at 7 p.m.

Tournament play always grabs the spotlight. Grayling Country Club will host the Fox Run men's this year in their annual inter-club battle. The Grayling ladies will journey to the Fox Run track for their home and home exchange.

The second annual Memorial Cup Matches will be held on three of Garland Golf Club's courses. This tourney, played in Ryder Cup Style, is a 54-hole affair played over two days. Uniformed teams from Fox Run play alternative shot, best ball and individual matches for points garnered under match play rules. Their opponents from Garland captured the inaugural matches played last year.

The fifth annual Beaver Creek Invitational matches will begin in June. A select field will tee it up in a summer long single elimination match play contest that offers nearly \$500 in prize money. No player has managed to repeat as champion since the matches

were conceived at Fox Run.

Two new back tees and one new forward tee will lengthen the track at Fox Run. In addition, newly planted trees will toughen the course considerably, especially on the par five third. This dog-leg will now almost certainly require a lay-up third, or risk a visit to the woods.

Shooting range improvement grants available

The Department of Natural Resources (DNR) announced the availability of federal grant monies under the DNR's Law Enforcement Hunter Education Program aimed at helping local units of government and non-profit organizations improve and upgrade shooting ranges.

Grant funding is being made available through the Federal Aid in Wildlife Restoration Program. This federal funding is supported by an excise tax on handguns and archery equipment. "We strongly encourage non-profit organizations and local communities to develop proposals targeted toward increasing public access opportunities and enhancing firearm and hunter safety education programs," DNR Director Roland Harnes said.

The grants are being offered to accomplish the following goals:

- Increase the availability of shooting ranges for the instruction of hunter safety education;
- Increase public access to shooting facilities;
- Increase range safety by providing safer places for shooters and hunters to practice;
- Encourage the use of shooting facilities by diverse hunting and shooting interests and programs; and,

•Provide improved training facilities for peace officer training.

During the grant period, \$50,000 will be distributed among successful applicants. Priority will be given to projects which best meet the goals of the program.

The deadline for application is June 1. Detailed information and applications are available by contacting Department of Natural Resources, Law Enforcement Division, Hunter Education Section, P.O. Box 30031, Lansing, MI 48909-7531.
